TIE UP TRAINS AND ENDANGER MANY CITIES

4 DEAD IN COLLISION OF FAST TRAINS

Engineer Is Blamed for Wreck Which Seriously Injures Scores

Bodies of Victims Are Crushed Beyond Recognition in Sleepers

BATAVIA, N. Y., Jan. 12.—Four passengers probably asleep in their berths aboard the New York Central express were killed as that train stood at the Batavia station today. Three others were fatally injured and the condition of 11 more or less serious.

The engine of train No. 27, the New York Central western express, struck the rear of train No. 49, the Boston and Albany express, with such force that the rear car of train No. 49, a Pullman sleeping car, was crushed beyond recognition before the impact. The engine was reduced to wreckage, and the four dead bodies were found in the boiler of the locomotive. The bodies were so mangled that they could not be identified.

PASSENGERS ASLEEP

The incoming train continued on through the rear of a day coach here. Several of the injured were taken to the hospital.

There were desperate struggles with the four dead bodies as they were being removed from the wreckage.

Shepherd, who was driving the work train, was killed.

REAR OF TRAIN DESTROYED

The rear of the train was destroyed. The engine was crushed.

GOVERNOR URGES MORE POWER FOR RAILROAD BOARD

Johnson Declares Existing Freight Rates Throughout California Are Burden to the People and Asks the Legislature to Support the Bill

Compares Freight Charges in the South and Through Valleys With Those of the East; Avers Operating Conditions Nearly Ideal in All Cases

SACRAMENTO, Jan. 13.—The railroad commission bill was introduced in both houses of the Legislature today. It was immediately followed by a message from Governor Johnson urging its passage and citing many specific instances of existing freight rates in California which he regards as unsatisfactory. The message is as follows:

There has been presented to you today a bill, the design of which is to accord the railroad commission of the State of California the amplest power to act intelligently and justly and with firmness and precision in matters arising between the people on the one hand and the railroads of the State on the other.

Well Prepared Bill

The bill has been prepared after great deliberation and study and comes to you with the sanction of those who are familiar with the subject embraced within it.

It is presented now in pursuance of the policy which has been announced by the various public utilities of California and in pursuance of the policy which has been announced by the various public utilities of California.

Need for Action

That the need for action exists is the matter of common knowledge. The matter of common knowledge is the matter of common knowledge.

WOMAN IN BLACK IS REPSOLD SUSPECT

Police Suspect the 'Perfumed' Burglar Had Female Accomplice in Oakland Crimes

Spirit Broken by Imprisonment Suspect Appeals to Father for Aid

Her pride broken by four days of imprisonment, with her head bowed in a Sacramento jail, the woman who made a murder attempt on the life of a man in this city, has been repurchased by the police. She is now in the hands of the police.

AWAY SLEUTH

Captain of Detectives W. J. Peterson, having the return of Detective F. J. C. who has been away two days in the city, has the local detectives have been unable to discover the identity of the woman who was repurchased.

WOMAN ACCOPLICE

The question of her repurchase was a matter of some interest to the police. The question of her repurchase was a matter of some interest to the police.

LAYS DRUMMOND'S FALL TO CAFES

Judge Who Granted Parole to Assumed Bigamist Answers Critics.

ST LOUIS Jan. 13.—Charlotte Vincent, third wife of Millionaire Chas. R. Drummond, who pleaded guilty recently to committing bigamy by marrying her after which she was sentenced to pay \$500 fine and to serve six months in jail by Circuit Judge Wurdeman, is in a physical state at her parents' home here and is denied to all visitors her mother said yesterday.

Judge Wurdeman issued a statement answering criticisms of his parole of Drummond who he revoked after Drummond was reported to have left St. Louis for New York in company with Miss Agnes McCluhan to whom he had been paying attention. It was stated by persons where she lodged Judge Wurdeman is quoted as saying that Chas. R. Drummond should be left in a custody and cared for by his friends.

The Drummond case was not one in which the offense was against the state and society. A large proportion of the crimes committed in St. Louis country are committed by persons who begin their wild career in St. Louis racketeers where women congregate and drink and then ride in St. Louis county.

A telegram was received from the New York Police Department asking for a photograph of Drummond to identify him for arrest.

QUEUELESS DIPLOMAT ARRIVES IN GOTHAM

NEW YORK Jan. 13.—Leon Te Wong, the first queless Chin diplomat ever seen in New York is here on his way from Vienna to Tokio. He will visit several western cities en route.

Wong said in answer to questions that he had his queue taken off by a German barber about two months ago and that he regarded himself as one of the pioneers in the reform.

He had wanted to put with the queue for years, but the sentiment in China was not strong enough to warrant the innovation.

He will become first secretary to the Chinese legation at Tokio on his arrival there.

LAST TRIBUTE PAID TO C. A. LOCHRAN

ate Inspector of the Board of Public Works Victim of Pneumonia.

The funeral of Charles A. Lochran, five years an inspector for the Board of Public Works who died yesterday of pneumonia, was held this afternoon. The service was held at the late home of the dead man 623 Center street to St. Patrick's Catholic church where services took place at 2 o'clock. Interment was held later at St. Mary's cemetery.

Lochran was well-known in Oakland, here he has been identified with public affairs for many years. Before coming to this city he was employed on the San Francisco water front. Where he served various connections for some time.

Coming to Oakland he was employed by the city and finally made an inspector of the board of works in which capacity he served for five years. He was a son of late Mrs. Anna Lochran, and the late John Lochran, and a brother of Mrs. Thomas R. Walker, 963 Center street.

AERO CLUB ELECTS BRITISHER SECRETARY

NEW YORK Jan. 13.—The Aero Club of America finds itself in an unusual position owing to the discovery that its first elected secretary, George F. Campbell-Wood, is a British subject.

There is no question of the ability or fitness of Campbell-Wood for the place, but those who are raising the question of citizenship maintain that it is unprecedented for the man who holds what is necessarily the most important official position in aviation in America to be a citizen of another country and particularly of a country with which America holds an aviation dispute.

ESTATE OF \$1,000,000 LEFT BY MRS. M. A. DENNY

SEATTLE Jan. 13.—The \$1,000,000 will of Mrs. Mary Ann Denny, widow of the founder of Seattle, has been filed for probate. The will provided that the estate be divided among her children when it shall be divided among her grandchildren and great-grandchildren. Mrs. Denny died December 30.

LEACH TO HEAD LOCAL VILE CLUB

The Organization Holds Annual Election of Officers for Year.

The Nile Club held its annual election of officers and directors last night at the headquarters of the association in Thirteenth street, near Grove. Arrangements were also made for the last meeting of the old board of directors to be held Wednesday evening, January 26, which occasion the new board of directors will be installed, and also for the annual dinner of the club, which will be held next Saturday evening.

The election last night resulted as follows: President, F. Leach Jr., vice-president, J. R. Roelinton, secretary, E. J. Smith, Jr., treasurer, C. J. Roelinton, C. J. Smith, Jr., W. W. Wampler and W. W. Collins.

At the annual dinner Saturday evening F. C. Capwell, the retiring president, will preside. The following speakers have been selected for the occasion: Frank E. Bliger, Richard Ayles, Charles E. Stook, Clarence Crowell, F. A. Leach Jr., E. W. Wampler, Walter Mantel and E. W. Wampler.

CLUB GROWS

Mr. Capwell has been president of the Nile Club for the last two years. Under his administration the club has had a remarkable growth both in membership and in finances. So large indeed that membership growth that the organization is finding its present quarters restricted and is planning extensive additions for the next two months, notable among them being a large Egyptian links hall and a billiard room.

F. A. Leach, the new president, is the manager of the Oakland Gas Light and Heat Company, and is one of the best known of the business leaders of Oakland. He has been the president of the Oakland Chamber of Commerce and is a member of the board of directors of that body. At the recent election of the club he polled the largest vote on the ticket.

PARDONING POWER IS ARDUOUS DUTY

Former Governor of New York Suggests Change in Power of Executive Clemency.

SYRACUSE N. Y. Jan. 13.—Former Gov. Horace White, believes the right of executive clemency in the various states of the union should be left to the tribunals, especially in cases where the governor is reviewing the record of prisoners, he says in a state paper over his signature.

In my opinion our governors should be relieved from the arduous duties of investigating, considering and deciding applications for pardons, commutations, paroles and respite orders. During the work and response but should be left to the tribunals, especially in cases where the governor is reviewing the record of prisoners, he says in a state paper over his signature.

It is physically impossible for a governor to perform his other constitutional and statutory duties have opportunity for study and reflection or great public duties and at the same time give appropriate attention to this line of work.

SERIOUS RESPONSIBILITY

The interests of a state require thorough scrutiny of judicial action on these applications. I think you need enough more viewpoint from a moral, economic and sociological point of view. During his brief term as governor—only a month, Mr. White says that out of 500 applications for pardons he found not one which seemed to him to be deserving of clemency. He issued no pardon and no reprieves.

BATTLESHIP TEXAS TO BE U. S. TARGET

WASHINGTON Jan. 13.—The old battleship Texas, which was the first of her class in the United States navy, will be a target of the Pacific fleet in a gunnery practice in the spring.

It is expected that the ship will be used to determine the effect of new weapons and tactics in a future war. The ship is being used as a target for the Pacific fleet in a gunnery practice in the spring.

TAX ON POTASH IS THE CAUSE OF PROTESTS

WASHINGTON Jan. 13.—The State Department is flooded with letters from farmers and others all over the United States protesting against the action of the government in imposing a tax on potash in the United States.

The tax is being imposed on potash in the United States. The tax is being imposed on potash in the United States.

BOOSTERS TELL OF CITY'S GROWTH

Banquet Given by the Industrial Commission at the Palace Hotel.

SAN FRANCISCO, Jan. 13.—The wonderful story of Richmond's growth was told here last night at a banquet at the Palace Hotel given by the Richmond Industrial Commission, at which were present prominent citizens of the many flourishing metropolitan centers. Costa county and this city. Herbert F. Brown, president of the hustling organization of live business men that makes up the commission was toastmaster and Richmond 100,000 was a popular sentiment.

RICHMOND WATER FRONT.

The proper development of its splendid water frontage is one of the most important problems that Richmond has to deal with and General W. H. Hart was present to give an address on this subject. The promoters of Richmond's welfare listened with keen interest to him. He said that if that city developed its harbor frontage along the best lines and preserved its rights it would have one of the finest and cheapest harbors in all the world.

General Hart said that cheapness for shipping was one of the greatest attractions to commerce. He told his hearers that the recent decision reverting the state sailing harbor lands would be a splendid thing for Richmond.

CITY OF IMPORTANCE

President Brown told how Richmond had sprung into a city of importance within the few years since the Santa Fe railroad was made its terminus. General Hart said that the city's growth was due to the fact that it was a deep water anchorage and the rise with which a ferry slip could be put in front of it to carry its traffic across the bay. Then came factories and other plants from the hills and the city grew. General Hart said that the city's growth was due to the fact that it was a deep water anchorage and the rise with which a ferry slip could be put in front of it to carry its traffic across the bay.

FACTORY SITES

Henry C. Cutting spoke on the excellent choice of the factory site at Richmond and how to make them the most accessible for use. He presented the guests with a valuable treatise by himself on how to judge land values.

Following the presentation of the paper, a good dinner was served and the guests were kept busy with the industrial development.

Secretary H. W. Werners read reports of new enterprises that were being planned to establish in Richmond. He said that the number of letters making inquiry about the city was increasing all the time.

Lee D. Wurdeman, city attorney of Richmond, presented the bill of the city that it should be made to pass a progressive law and give Richmond all the aid in that line possible in its stride to the front. At a date later in the banquet of the Industrial Commission and the Merchants Association of Richmond will be held in that city.

\$125,000 SHIP SUBSIDY PLANNED FOR CANADA

OTTAWA Ont. Jan. 13.—Mr. W. L. Laurier has announced that the House of Commons will vote to grant a subsidy of \$125,000 in aid of steamship service between ports on the Pacific coast and China and Japan. The subsidy is to be paid for the first of more than 100 ships to be built and given to the Canadian government. The subsidy is to be paid for the first of more than 100 ships to be built and given to the Canadian government.

BARRY SCORED BY WOMEN POLITICIANS

DENVER Colo. Jan. 13.—Curtis Barry, who was defeated in the election for mayor of Denver, was scored by the women politicians in a meeting held last night.

SHIPWRECKED TWICE, MAN SAFE IN HAVEN

SEATTLE, Jan. 12.—John A. McLaughlin left Nome, Alaska, October 30, and arrived in Seattle yesterday after being shipwrecked twice and spending two and a half months on the way. He sailed from Nome on the steamer *Confianza*, which went ashore at Unalaska. McLaughlin sailed from there on the schooner *Allen A.* only to be wrecked at Kodiak, where the schooner was lost and all her people left stranded. After much delay they managed to make their way to Seward, where McLaughlin got a boat for Seattle. He had been with the *Confianza* he would have reached his destination much sooner, for the steamer arrived at San Francisco a few days before Christmas. This was his first trip out of Alaska in eleven years.

PHYSICIAN DIES.

SEATTLE, Wash., Jan. 12.—Dr. D. W. Thompson, a Kansas City physician who came to Seattle several months ago in search of health, died at a hospital here yesterday.

BANDIT KILLED IN ATTEMPTED HOLD-UP

SACRAMENTO, Jan. 12.—An attempted holdup of four sections hands in a little cabin at Brighton last night by two bandits resulted in the death of the leading robber, whose head was partly blown off by a shotgun discharged by a fifth laborer, who was lying in a bunk. The four were playing cards when the two masked bandits entered. When Joe Eeoner resisted the bandit struck him with the bolt. Jim Maganara, who was lying in his bunk, sat up, and taking his shotgun down, killed the bandit. The other bandit then disappeared.

Sacramento Sleeper

Hereafter on the fast Sacramento train which leaves Oakland pier at 2:49 a. m. daily, there will be a sleeper at the pier at 9 p. m. the evening before so that passengers wishing to remain in Oakland or San Francisco after 9:30 p. m. can use this sleeper, arriving in Sacramento at 7:15 a. m. This train runs via Niles, Livermore and Stockton. For further information see Southern Pacific Company's agents.

Promotion and Prosperity

Systematic Saving is one of the strongest elements in character building, because it is the result of industry, economy and thrift.
There is no wonder, therefore, why saving merits success.

VALUITY OF WILL LEFT BY MRS. EDDY ATTACKED

Eminent Attorneys Declare the Gift of \$2,000,000 to the Church Is Void.

SUCH BEQUEST BARRED BY NEW HAMPSHIRE LAW

Laying Foundation for Contest of Testament of Christian Science Founder.

CONCORD, N. H., Jan. 12.—The residuary clause in the will of Mrs. Mary Baker G. Eddy, founder of the Christian Science Church, is null and void, in the opinion of former United States Senator William B. Chandler, Hannis Taylor, professor of constitutional and international law at George Washington University, and others, according to a statement given out for publication.
The clause in question provides for a gift of \$2,000,000 to the First Church of Christ, Scientist, of Boston, known as the "Mother Church." A statute of New Hampshire, prohibiting a bequest to a church of more than \$500,000 annually, and one of Massachusetts forbidding more than \$200,000 annually from the basis of the opinion, which was written by Professor Taylor, formerly Minister to Spain. "Declaring the residuary clause 'null and void,' the opinion says: 'As to the void gift, the testatrix died intestate and its subject matter passed on her death to her heirs under the New Hampshire statute of distribution.'"

AGREEMENTS AND CONTRACTS.

In the closing paragraph the opinion advises the attorneys for the next of kin that such agreements and contracts as they made with the testatrix and her trustees in her lifetime bind them only "to recognize as valid such provisions of her last will as are legally valid."

"To that extent," continues the opinion, "you are bound and required to join with the executors in requesting the Probate Court of New Hampshire to admit such will to probate in solemn form, in order that all its provisions may prevail so far as they are not forbidden by law."

SIGNERS OF OPINION.

Besides Chandler and Professor Taylor, the signers of the opinion are Attorneys John W. Kelley of Portsmouth and De Witt C. Howe of Concord, who were associated with Chandler as counsel for the "next friends," and William L. Chambers, a lawyer of Washington.

The matter given out for publication here consists of a letter from Chandler to Hannis Taylor, professor of constitutional and international law at George Washington University, and a reply from Professor Taylor.
This reply contains the opinion that Mrs. Eddy's will is void, and Professor Taylor's signature to the opinion have been added those of Chandler, and the other attorneys named above.
De Witt C. Howe of Concord, who was associated with Chandler as counsel for the "next friends," and William L. Chambers, a lawyer of Washington.

REVIEWS THE FACTS.

Chandler, in his letter to Professor Taylor, reviews the facts regarding Mrs. Eddy's will and estate, and the "next friends' suit, which resulted in Mrs. Eddy's placing a large sum of money in trust for her son, George W. Glover of Lead, S. D., and his children.
He then relates his signing the agreement by which the "next friends' suit was settled, and adds: "Mr. Streeter (General Frank S. Streeter of Concord) drew the agreement for my signature. When signing, I took it for granted that Mrs. Eddy would not, in giving away her property, undertake to violate public laws. If I had thought that she had already done so by attempting to create a church with an endowment of \$2,000,000, I should not have signed."

PETITION FILED.

A petition has been filed in the Superior Court here by Mr. Chandler and other attorneys, asking the court for a construction on Mrs. Eddy's will, particularly the clause relating to the residuary estate. The petitioners also pray for an injunction against any disposition of the property question pending the construction of the residuary clause. It is said to be the plan of the attorneys for George W. Glover and Dr. E. J. Foster-Eddy, heirs of Mrs. Eddy, to try to have the question regarding the residuary legacy transferred from the Superior Court to the Supreme Court for a decision. No contest in the Probate Court is expected.
In the opinion of Professor Taylor, the New Hampshire statute is quoted as follows: "The announcement of any grant or donation, or for the use of a church, shall not exceed \$500 a year, exclusive of the income of any personage and granted to order, or for the use of the ministry."

POSITIVE PROHIBITIONS.

Continuing the opinion, which is a long and elaborate one, says in part: "It is difficult to understand how any one could have imagined, in the presence of the positive prohibitions of such statutes, that a testatrix, domiciled in New Hampshire and governed by its laws, could give, by will, to a single church in Massachusetts, governed by its laws, a single bequest of nearly \$2,000,000 by the laws of New Hampshire."

"As that state was the domicile of the testatrix, its law determines in the first instance her capacity to give by will to a particular purpose. As the statute of New Hampshire positively forbade the testatrix to make a gift to a single church, it is, of course, void. The right to make such a gift is a right which belongs to New Hampshire alone."

VOID IN ANY EVENT.

"Moreover, if the bequest were not void for lack of power in the testatrix to make it, still it would be void by reason of the lack of power on the part of the legatee, a Massachusetts corporation, to take it. The Massachusetts statute expressly provides that the 'income of gifts, grants, bequests and devises made to or for the use of any one church shall not exceed \$2000 a year, exclusive of the income of any personage, and granted to or for the use of the ministry,' while that of New Hampshire permits a gift to any one church, the amount of the income of which shall not exceed \$5000 a year.
"The testatrix designed to create a great and perpetual endowment for the purpose of promoting and extending the religion of Christian Science as taught by me. It was just such perpetual endowment in the hands of a single church for the propagation of any form of re-

\$101,000 SHIPMENT SEIZED TO COVER OVERDRAFT

Washington - Alaska Bank of Fairbanks Said to Be in Trouble.

GOLD AND CURRENCY ARE HELD AT SEATTLE

Large Demands Occasioned by Stampedes Said to Be the Cause of Difficulty.

SEATTLE, Wash., Jan. 12.—That the Washington-Alaska Bank, of Fairbanks, which suspended last week, had an overdraft of \$141,000 with the Dexter-Horton National Bank of Seattle was brought out in the United States district court as a result of the seizure at Cordova, Alaska, Wednesday of \$101,000 in gold and currency shipped by the defunct Alaska bank to the local institution. The money seized at Cordova under orders from the United States court for the Fourth division of Alaska had been shipped to Seattle to partially cover the overdraft here.

The details of the transactions between the banks were brought out yesterday when W. M. Parsons, vice-president of the Dexter-Horton National Bank, gave testimony to show the claim held against the seized gold by his bank.

GOLD IN TRANSIT.

Parsons said that it was the custom of the Seattle banks to honor drafts against gold known to be in transit to Seattle. This system, he said, was necessary, inasmuch as the Alaska banks are not large enough to buy gold dust, ship it out and wait for the return to get back. The \$101,000 seized by the court was shipped in three shipments, \$30,000 being expressed on December 25, \$45,000 on December 28, and \$26,000 on December 31. It is also said that other shipments are still en route.

STOP SHIPMENT.

Learning that large amounts of money had been sent out over the trail to Seattle, Fairbanks depots of the failed bank took action to prevent the gold from getting out of Alaska.

The failure of the Washington-Alaska bank is attributed directly to the large demands put upon it as a result of the stampedes to the Iditarod, Kuskokwim and other new camps in the north. Following its connection with another bank, the Washington-Alaska bank had deposits in excess of \$2,500,000.

The fresh gold discoveries caused hundreds to leave Fairbanks. Many of the stampedes withdrew their deposits. The fact that when the bank closed its doors it had deposits of little more than \$1,000,000 is an indication of the drain to which the institution was subjected.

Religious belief that it is statutes of New Hampshire and Massachusetts designed to make impossible.

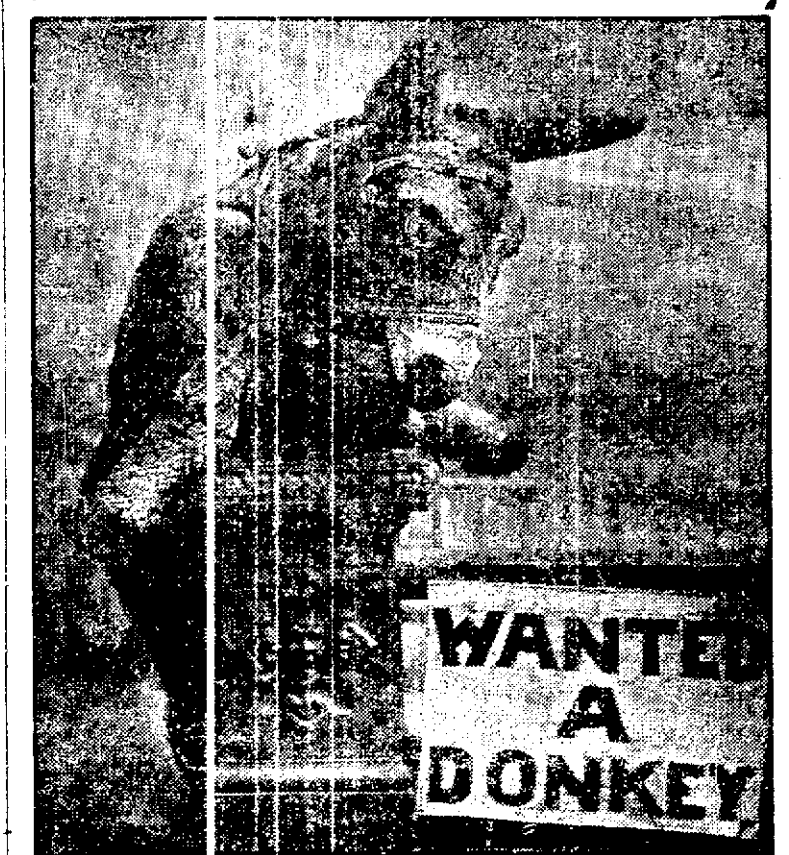

CHURCH OFFICIAL: NOT WORRIED.

NEW YORK, Jan. 12.—New York officials of the Christ in Science church profess themselves unalarmed over the announcement that the mother church in Boston may lose its \$2,500,000 which Eddy intended should revert to it upon her death. The following statement was given by Eugene R. Cox, chairman of the publication committee of the Christian Science church in this state:

"While one seems to have looked up the other side of this matter and determined whether or not the opponents of the will have overlooked something, we are quite sure that General Henry M. Baker, the administrator, will take whatever steps are necessary in opposing those who appear to be so anxious to thwart the wishes of Mrs. Eddy. So far as the cause of Christian Science is concerned, the final disposition of that \$2,000,000 matters very little.
"It really makes no difference to the cause one way or the other. The cause has grown to far beyond stage without use money in question and it would be ridiculous to suppose that it will not keep on growing without the bequest."

ANNOUNCEMENT.

Children---See the Donkey

THE FUNNY DONKEY AT THE BELL THIS WEEK.

Well, here's a fire one for the children tomorrow. I looks like a real live, truly donkey, and acts like one, too, but, well, we won't tell you; come to the Bell tomorrow and see the antics this comical fellow goes through. It's a decidedly eccentric novelty, and while the specialty is of the laughter provoking type, it abounds in sensational gymnastic feats. You know this is Road Show week, and there is plenty of real fun all the way through. In fact, it is one of the best bills ever shown anywhere.

FOR THE THIN & SCRAWNY

Samose Will Make You Plump and Rosy, Says Osgood Bros., 7th and Broadway, 12th and Washington.

If you are getting thin you are sick, although you may not know it. If you are losing weight steadily, there is something wrong that needs looking after. If you have always been thin it doesn't follow that you are sick, but you may not be healthy. You cannot be strong if you are thin.

Try then to be healthy and plump, it is not difficult if you know how.

The only way to increase the weight and gain health and flesh is by using Samose, the standard flesh forming food and tissue builder. It mingles with the food you eat and is assimilated so that all the flesh forming and tissue building elements of the food are retained in the system. This explains the great value of Samose.

Osgood Bros., 7th and Broadway, 12th and Washington, sell every package on a genuine guarantee to refund the money if it does not do all that is claimed for it.

GIRL ATTACKED ON DARK STREET

Miss Mary Hagermann's Condition Better; Tells Story of Brutal Assault.

The condition of Miss Mary Hagermann of 3915 Idaho street, who was attacked by a brutal stranger Wednesday night within a few blocks of her home, was better today.

Miss Hagermann, who is 29 years old, was on her way home when she was accosted by a man who seized her by the arm.

"I've got something to say to you," he growled.

"The girl screamed and tried to break away. The man cursed her and seized her eyes by gripping her throat and clamping his hand over her lips. She struggled and the man struck her a blow which stunned her.

Her family notified the police. Miss Hagermann could give only a meager description of her assailant.

WATER IN RESERVOIRS.

PHOENIX, Ariz., Jan. 12.—The water in the Roosevelt reservoir raised sixteen feet during the twenty-four hours ending Thursday, storing 27,000 acre feet. It is still raising more rapidly today and a better showing is expected tomorrow.

Take One Pain Pill then— Take it Easy

To get the best of Backache Get a Box of

Dr. Miles' Anti-Pain Pills

Otherwise Backache May get the best of you

Nothing disturbs the human system more than pain whether it be in the form of headache, backache, neuralgia, stomachache or the pains peculiar to women. Dr. Miles' Anti-Pain Pills are a standard remedy for pain, and are praised by a great army of men and women who have used them for years.

"A friend was down with LaGrippe and nearly crazed with awful backache. I gave her one Anti-Pain Pill and left another for her to take. They helped her right away, and she says she will never be without them again."

LOST AND DYING IN HEART OF CITY

Trouble Finder Is Left Alone to
Perish in City Hall
Tower.

LOS ANGELES, Jan. 13.—A lost heart of the city, S. L. Colburn, for ten years has kept a lone vigil in the little room in the tower of the city hall was found this morning and died in the port of death yesterday by J. C. Perry, superintendent of the fire alarm system of the city, and removed to a hospital from his lonely home among the bats and pigeons far above the street.

For fifteen years Colburn, who is 55 years old, has been in the employ of the department working on the lines in the day time and at night answering "bells" calls which often cost him many miles of travel finding and repairing faults generally in rainy weather. He was found on the exposure and in the hours of the night.

PUREST KIDNEY MEDICINE KNOWN

A Few Doses Regulate Your
Kidneys, Ending Backache,
Bladder and Urinary Mixture.

The Hesperian relief that follows he uses Pape's Dietetic is a revelation to sufferers from backache or urinary bladder disorders. The time to cure kidney trouble is while it is only trouble—before it settles into Dropsy, Gravel, Diabetes or Bright's Disease. Pape's Dietetic acts at once upon the kidneys, bladder and urinary system. It cures all urinary ailments, cleanses the system and gives it a complete cure within a few days. The name on our suspect any kidney or urinary ailment or feel a constant dull backache or the urine is thick, cloudy, or offensive or full of sediment or if you are troubled by a sense of burning when you urinate, or if you find Pape's Dietetic, with the knowledge that there is no other remedy in the world which will cure so thoroughly and promptly.

Misery in the back, sides or joints, sick headache, inflamed or painful eyes, nervous prostration and heart palpitation, irritability, nervousness, sleeplessness, or if you are troubled by a sense of burning when you urinate, or if you find Pape's Dietetic, with the knowledge that there is no other remedy in the world which will cure so thoroughly and promptly.

AMATEUR ATHLETICS

WOULD CHANGE HOURS AT HIGH

Head of Mathematics Department Moves to Shorten the
Luncheon Hour.

Walter A. Stafford, head of the department of mathematics in the Oakland High school yesterday afternoon introduced a motion regarding a shorter luncheon hour and afternoon session during the rainy days. He proposed that the teachers call the students to order at 12:30 instead of 1 and dismiss the classes at 2:30.

The proposition was voted upon by the students of his class and carried by a large majority but the order to be effective the order must be placed before the members of the faculty of the school has not as yet been discussed by the members of the faculty as a whole but meeting will be called in the near future for that purpose.

The general sentiment expressed by the students favor the idea of Stafford and will probably carry when put to the vote of the teachers.

Original Stories By Young Authors

GABRIEL.

(By HELEN MARTIN 13 years)
Gabriel is the hero of Longfellow's beautiful poem "Evangeline." He was a fine Acadian fellow strong, healthy and robust loved by all the people. He was the son of Basil the blacksmith, Evangeline's lover.
They had been brought up together. Their father, Jean, the priest, taught them their lessons out of the old game book. After their lessons together they went to the forge of Basil and watched the mighty arm swing the heavy sledge. They would spend the days in the green meadows always happy and gay with no thought of sorrow.
Time passed swiftly. Gabriel grew up. His child days into a man. He told Evangeline of his love. Then came the day the emigrating leaving of their old home and families broken up to go to a different land. Gabriel was separated from her. Perhaps never to see Evangeline again.
Years rolled by. Gabriel spent the time wandering about looking for Evangeline. He was stricken with fever and taken to the pest house. It was there that Evangeline in her never ceasing search for him found Gabriel on his deathbed. Gabriel died in Evangeline's arms.

OAKLAND SCHOOL TEAM BEGINS ITS WORK ON FIELD

NEWTON HOLDEN, captain of the basketball team of the Oakland High School.

The basketball practice in the Oakland High school has commenced and the squad for next winter the team will be led by Newton Holden, manager of the basketball and football of the school. He will be one of the best of the school's ever had and will be well prepared to enter the ranks of the Bay City League in spring as well as the basketball team. Holden is a native of the city and has been in the school since January 5 took their places on the field. Alfred Stevenson, guard, Dorcas Benson, guard, Ray Taylor, center, New on Howard forward, Ford Dwyer forward, Eugene Cutley forward, and Howard Remond forward.
After the run comes basketball practice. Holden is on the Grove street grounds, Fifth and Grove streets.
According to the statement made by Holden the team will be ready to accept challenges from any school in Alameda county by February and he requests that all communications pertaining to the contest games be sent to him at the Oakland High school.

PUPILS DANCE IN BASEMENT OF SCHOOL

Trip Light Fantastic to Strains
of the Lincoln Orchestra.

Dancing as the latest innovation in the school life of Oakland has been introduced by the authorities at Lincoln school and every day at 7 o'clock in the evening the pupils of the school are seen in the basement of that institution to the strains of the music of the Lincoln orchestra.

Dancing brings new life into the school and the pupils are enjoying it very much. It is a social recreation and a splendid pastime for the children.
Cecilia Williams has been selected captain of the Lincoln orchestra and is doing some splendid playing. The school orchestra will meet in the spring.

Cadet Corps Hold Monthly Meeting

The First Congregational Cadet Corps held its monthly open meeting last night at the Lincoln school. The meeting was held in the basement of the school and was attended by the cadets and their friends. It was an interesting and profitable meeting. The cadets were given a report on their progress during the month and were then given a drill. The meeting was closed with a song.

Piedmont Scouts to Enjoy Swim

The boy scouts of Piedmont will enjoy a swim in the Lumber bath, San Francisco next Saturday afternoon. The scouts will be in charge of the swim and will be accompanied by their leaders. The swim will be held from 2 to 4 o'clock in the afternoon. The scouts will be given a special discount on the admission fee.

ZELAYA'S PUNISHMENT DEMANDED BY U. S.

WASHINGTON, Jan. 13.—Actuated by the determination that those responsible for the execution of the American Cannon and Grace during the Nicaraguan revolution shall be prosecuted the State Department asked Consul Moffatt at Managua for a report.
The inquiry was based on a pre-dispatch that the congress of Nicaragua had concluded that it had no power to prosecute four or five Nicaraguans for offenses charged against them following the retirement from office.
The view of the United States government is that he should not be permitted to return except under cloud of indictment for alleged crimes. This would be effective in keeping Zelaya out of Nicaragua where the United States regards him as a renegade.
It has been reported that the president of the Republic of Nicaragua, Dr. Zelaya, has been indicted by the United States government for the execution of the American Cannon and Grace during the Nicaraguan revolution. The State Department is demanding that the Nicaraguan government prosecute Zelaya for these offenses.

CANAL EXCAVATION IS ON DECREASE

Steam Shovels Near Bottom of
Cut Where Material Is
Dwindling.

WASHINGTON, Jan. 13.—The amount of excavation on the Panama canal begins to decrease monthly probably for the very good reason that the steam shovels and dredges are getting down to the bottom of the cut, where there is less material and where not so many machines can be operated.

A. A. biogram from Colonel Goethals of the Panama Canal Commission, dated December 10, 1910, shows that the amount of excavation on the Panama canal was 1,017,464 cubic yards in November and 1,017,464 cubic yards in December. The amount of excavation on the Panama canal was 1,017,464 cubic yards in November and 1,017,464 cubic yards in December.

OSCAR PAYS LOVING TRIBUTE TO SINGERS

NEW YORK, Jan. 13.—Oscar Hammerstein, the famous composer and lyricist, has paid a loving tribute to the singers who have made his operas so popular. He has written a book called "The Great Singers of the World" which is a tribute to the great singers of the world.

MANY WANT SEAT LEFT BY HUGHES

NEW YORK, Jan. 13.—While no one is anxious to see the famous singer, Charles Hughes, leave the stage, many are anxious to see him. Hughes is a famous singer and has been in the spotlight for many years. He is a popular singer and has many fans. He is a famous singer and has been in the spotlight for many years.

By EDDIE SMITH

CHANGE IN PROGRAM

Fitten ully expects to win the contest with LaGrave with his hanging power and has been strengthening them as much as possible. The experience of Schreeder leads us to believe that it will not pay for that butchertown lad to get too gay or too gay may find the wallop a little severe. The fans are of the opinion that Fitten will land it mighty hard landing that wallop on the Italian and they are betting their money that way.

LOST TO ONLY TWO.

With the score 36 to 20 against him, Sears gathered in the next frame of fifteen and it was only by breaking through a most desperate safety that Friedrichsen succeeded in eking out his badly needed four balls. Champion Karns saw the safety playing shown was of the highest order—the kind he would have been proud of had he been playing. Abrams (50) Pine (40) is the card for tonight.

PRINCETON N. J. Jan 13.—Football at Princeton last year, according to a report just issued by the general treasurer of the athletic association netted \$42,586 with disbursements, which left a balance of \$16,538.

The profit from the Yale game was \$25,498 and from the Dartmouth game \$5890. The training table cost \$12,660 and coaching \$5633.

The balance sheet receipts were \$26,832 and the balance at the end of the season was \$10,800.

CHICAGO Jan. 13.—Ora Morningstar led young Jake Schaefer son of the late Wizard by 60 points in the first half of their two nights 182 ball-line billiard match last night. Morningstar made 40 points to 140 by Schaefer, the terms of the match being 400 for Morningstar and 200 for Schaefer.

AT AMFEDA Jan. 13.—The annual meeting and election of officers of the Alamogordo Masonic Relief Association was held Wednesday night in Masonic hall. The following directors were elected to office:

James H. McVatt, president; George S. Williams, vice-president; T. W. Ley, George, treasurer; and Oswald Tibbock, secretary. The following advisory committee was also elected: Elmer F. Johnson, W. J. Chaplin and H. H. Hammon.

The British army is shortly to lose its most skillful swordman via Corporal Major Frederick Egerton of the Royal Household Cavalry (B) in which regiment he was transferred from the Grenadier Guards in 1949. It was his skill with the sword which won him promotion and he was later made a squadron corporal and a fencing instructor. He has won two gold and silver medals for sword fencing and has won more than twenty gold and silver medals for sword fencing. A man of magnificent physique and proportions he is cut a whole size larger than most of his fellow swordsmen. And such is his control over the weapon that he can cut an apple in two with the neck of an assistant with a single downward sword stroke. He has cut a man when the apple is placed on the tip of the sword. Another extraordinary feat is done with a pack of cards. He cuts a pack of cards in two and the two halves fall to the ground in a shower. Yet the heavy cuts he makes do not even scratch the polished surface.

"Mrs. Jeffries would never stand for another meeting and this also is a battle that could never be overcored. The 'fries had a big advantage in this respect, and another good reason why the white man will never be another match. More than half of the lovers of boxing would not walk across the street to witness another meeting, and this is another reason. There is no one reason that it can be advanced that would lead any thinking man to believe that there is as slight a chance of a white man winning a meeting as of talking fool's about it." Then to the continual talking about the doping of Jeffries makes me sick.

"If the men who are talking such a line are so in earnest about killing the sport of the glove they are succeeding, but if they are doing so for any other reason than good night, take it to the woods, then Jeffries was not doped. I say that man has a right to be beaten fairly and squarely by a better man. In his prime things might have been different, but the big white man has pressed his and why make a good fellow ridiculous by talking retake a match.

Two Favorites Fall and One Rider Is Injured

The big crowd of racing enthusiasts which have the sports to make the pilgrimage to the Oakland race track, yesterday experienced an afternoon filled with every thrill town to fellows of the turf embelished with a few surprises. The occurrence which threw the crowd into a commotion was a race when Donovan the gaw favorite in the opening race full soon after the starting throwing Jockey Kl-schbaum and horse and rider went foundering in the mud. The horse soon picked himself up and galloped on but the rider of horse was injured beyond a sick up. The crowd had I told regaled his composure after the first accident when right after the start in the second number 24 (McIntyre) he had a fall. The horse stumbled and fell in a heap in the middle of the course with her jockey J. McIntyre plred beneath her. The boy was picked up unconscious and carried to the emergency hospital. After about fifteen minutes he was able to get up and he was freed in which he had the mount in the following race. The track physician advised the rider not to do so as he was hurt but from a slightly injured condition he was able to ride beside a severe shake up. How big the counsel of his medical adviser the rider canceled his mounts for the remainder of the afternoon. The falls resulted no injury. The McIntyre was expected to ride a special race and Kirscht was also fortunate that he was not seriously injured.

in twelve pounds which was a feather as compared with his recent races. He looked good to the student and accordingly gave him a good post the heavily backed favorite at 6 to 5.

OFF to a good break Glass soon sent the Prince 1/2 mile, pulling to the front and a longling mile at the end of the stage in a race to test the purebred half-bred. Jim Glass' case was all the way made a bill for it. He had a good start and was gaining ground on the pack with every effort to hold it out. He got up over a furlong in improvement, taking the show in the last half mile. He closed which was expected to make a good showing ran prominently in the lead and finished it up.

At the Prince's first to 1 ran an mile in a mile and a half from the start from "Swing" it will be a fine mile. He showed the lead in a race by making a mile in a half from Billy Han's case. Much better to beat the foot in the third mile from wire to wire. He ran it off with a win outgaining a mile in a half from the pace. Lott tried and failed badly.

Mills, the winner of the two-year-old race in October, says if P. Lamar purchased the son of the Duke for \$100,000, he would have paid it by said one of the highest prices a Thoroughbred has been

Dr. E. G. Cannon Maintained a Unique Tabernacle on Wheels.

SEATTLE, Jan. 13.—News of the death of Dr. E. G. Cannon, one of the most prominent citizens of Nome, Alaska, and head of the Mormon Church in the Seward Peninsula district, has been received in a letter from Nome. Dr. Cannon, who was 90 years old, died in November, after the last boat had sailed out of Seward Sea, and the letter containing announcement of his death was sent out over the trail.

Dr. Cannon maintained a Mormon tabernacle, which he moved on wheels from one settlement to another. This traveling church was one of the sights of the North.

OFFICIAL BRANDS FRIENDS TRAITORS

Retiring President of the Illinois Central Delivers Scorching Address.

CHICAGO, Jan. 13.—Accusing friends of former days of treachery in connection with the leasing of the treasury of the Illinois Central Railroad by car pools, James T. Harahan, retiring president of the road, bade farewell to the transportation world last night with a scorching address at a banquet given in his honor.

It is my dearest regret that any time should have occurred during my administration to warrant criticism of the management of the Illinois Central Railway Company.

COLLEAGUES CENSURE COUNCILMAN ELLIOT

Continued Absence of Chairman From Committee Meetings Delays Business of the City

The failure of Albert H. Elliot, councilman and advocate of the consolidation of Oakland and San Francisco, to put in an appearance at four successive meetings of his fellow members last night when the ordinance and judiciary committee, of which Elliot is chairman, was called to order. It was queried by the fellow members of the committee whether Elliot really believed he was earning his salary by his exclusive attention to fighting the Seventh street franchise proposition.

FAILS TO ATTEND MEETINGS.
"For four successive meetings of this committee its chairman has not been present," complained Councilman William J. Bacus. "Councilman Elliot has remained away, and on several occasions

has made it almost impossible to do business. I wish he would come here once in a while and see what we are doing. He might not criticize us so much if he attended all our meetings."

There was a pause while Deputy City Clerk Ray Felton counted noses to see if a quorum of the committee was present.

PENDLETON AS CHAIRMAN.
"I move you that President Pendleton act in Mr. Elliot's stead," suggested Councilman Bacus. "Mr. Pendleton is always here and knows all about what we are doing. He is ex-officio a member of all council committees. I move you he be asked to serve."

The request was made to President Pendleton and he took his place at the committee board.

TITLE TO FOOT OF BROADWAY TO BE TRANSFERRED

Provision in Waterfront Franchise to Be Carried Out in a Few Days.

All right and title to the foot of Broadway held under old claims by the Southern Pacific company will be deeded to the city of Oakland in accordance with a provision in the franchise granting to that company land on the water front including the Oakland mole. The transfer will be made within a few days following an agreement between the officials of the city and the railroad concerning the description of the property given the city. According to the waterfront franchise all right and title to the Broadway property on the estuary is to be deeded to the city within sixty days after the passage of the franchise ordinance.

Descriptions of the property have been searched out by Assistant City Attorney O'Brien, these being based on descriptions filed in connection with old litigation, and these have been practically agreed upon. The deed will be filed in a few days.

TO COLLECT TRANSFERS.

Councilman Harold Everhart gave notice that as soon as the property came into the possession of the city he would move for the placing of a fence across the city property with a view to the forcing of collection of rents and tolls for the use of the Broadway slip. It is probable that this will be done. In the franchise the description to the property reads as follows:

"Broadway extended southerly from First street to the southern boundary line of the city, and Broadway wharf extended southerly to the United States pierhead line. This is the fulfillment of the first condition of the franchise ordinance on the part of the railroad."

FILE RESOLUTION.

A resolution passed by the directors of the Central Pacific and Southern Pacific Railroad Company accepting the three-year waterfront franchise including the Oakland mole, was filed with the city council last night, and formally closes the franchise matter by making the agreement binding on both sides. It makes void the agreement of the railroad to waive all rights to control of the water front held under the Stratton patent and makes effective the terms of the famous "Memorandum of Agreement."

TRACES FOUND OF PREHISTORIC RACE

An Ancient Quarry Discovered Near the Kings River in Fresno County.

FRESNO, Cal., Jan. 13.—Traces of a prehistoric quarry race in this country have been discovered, it is believed, near the Kings river, 12 miles north of Reedley. There are evidences of a prehistoric quarry in a large vein of granite, and numerous mortars worn in a huge boulder as large as a horse were discovered, with the smooth stone pebbles nearby. It is so believed that there is an old quarry ground there. For what purpose the stone was quarried is not apparent.

The discovery was made by General Agent R. W. Holart of the Santa Fe, who with D. H. Gray, a real estate man, were looking over the Wahleke branch of the Santa Fe, near Reedley.

They were looking over the Wahleke provide communication for a rock-crushing company on the Kings river near Reedley.

GRAND OPERA RECEIPTS WILL TOTAL \$500,000

CHICAGO, Jan. 13.—Receipts of the first season of the Chicago Grand Opera Company will total \$500,000, according to the statement issued by Director Dippel last night. This sum represents the income from 50 performances of opera in Chicago, presenting with the double bill, 60 operas counting repetitions. It includes also the receipts from the season of four performances each in St. Louis and St. Paul and from the ten Sunday concerts.

COLLEGE PRESIDENT TO STUDY RIVALS

WILLIAMSTOWN, Mass., Jan. 13.—President Harry A. Garfield of Williams College, accompanied by Mrs. Garfield, has left here on a southern and western trip. He will visit at least twenty of the more important southern and western institutions to become better acquainted with their methods.

Cowboys Spike Coffin of Wild And Woolly West

TRINIDAD, Col., Jan. 13.—"Plumb defunct" are the days of the open range. Cowboys from the French ranch in New Mexico drove the last nail in the coffin yesterday when they piled into a 60-horsepower touring car in pursuit of a couple of horse-thieves who had stolen a bunch of cayuses from their outfit, captured them here, where they were trying to dispose of the animals, and tamely turned the offenders over to police officers with out even a suggestion of the old-time "necktie party."

Then they cranked up the automobile for the return trip and the New Mexican desperadoes heaved as a thousand or more "old-timers" turned in the graves.

DRAIN PROBLEM CLAIMS COUNCIL

Legal Obstacles May Be Thrown Up in Stonehurst Matter.

The possibility of legal obstacles barring the way of the city in its attempt to provide sanitary conditions for the residents of Stonehurst was considered by the disinterested city committee last night, and the matter finally referred to the city attorney for an opinion. When the complaint of the property owners that the E. B. Stone Corp. was attempting to enforce a prohibitive charge for disposing of sewage was laid before the council at a recent meeting it was decided that the city could build a septic tank to replace that owned by the Stone company. The question whether the city of Oakland can override contracts made between property owners and the company is the one to be decided by the city attorney.

The city found the residents of the Stonehurst tract in a unfortunate position. Having purchased property from the Stone company as an Euburst on the verbal agreement that the lots were to have sanitary conveniences, they found that when they came to build on the lots a stipulated sum per month was exacted for connection with the private sewer system installed in the streets and leading the sewage to a private septic tank constructed by the company. Last month notification was given that the monthly "sewer tax" was to be raised to what the residents considered an absolutely prohibitive figure. The residents then applied to the city for redress.

COUNCIL PROMISES.

This was promised by the council. The residents were given the assurance that the city would put in a septic tank of its own to handle the sewage until this section of the city could be connected with the main sewerage system of the city. The tank will cost about \$500.

The residents were instructed to retain their connections from houses to sewers with the sewer system in the streets, as the residents used by the people residing on the street, and also because there are some contracts that may be binding upon the residents.

The residents of the tract were advised that if any attempt were made to cut off the use of the sewer system laid by the city company in the streets, to inform the police and the city attorney immediately be halted in its work until the present controversy had been settled.

LAWYER TO BE PAID FOR WATERFRONT WORK

Remuneration for services to the city of Oakland in negotiations leading to the framing of the famous "Memorandum of Agreement" and to the amending of the city charter to permit the granting of the waterfront franchise and not compensated at the time will be made to William R. Davis, ex-mayor of Oakland and an attorney here.

The claim is for \$1500 and after being investigated by City Expert L. G. Jordan, was recommended to the auditing and finance committee. The committee recommended it to the council.

PLAN TO REGULATE NUMBERING OF HOUSES

An ordinance radically changing the system of house numbering in Oakland was recommended to the council last night by the street committee. At present there is no relation as to size of numbers or position.

CITY TO PAY CLAIM OF INJURED BLUECOAT

E. J. Crossman, wagon officer for the Oakland police force, was hurt in an accident June 9, 1906, when an Oakland traction company car collided with the police patrol wagon. Medical services lasting several months cost him \$477.35. A claim for this amount, endorsed by the board of police commissioners, was laid before the auditing and finance committee last night. After some consideration it was decided that since Crossman had met his injury in the service of the city the claim should be paid; but that since the Oakland Traction Company was responsible for the accident, that company should be notified to reimburse the city. This was recommended to the council by the committee.

When buying a cough medicine for children, bear in mind that Chamberlain's Cough Remedy is most effective for colds, croup and whooping cough and that it contains no harmful drug. Sold by all druggists.

LAYMEN WILL RAISE BIG MISSIONARY FUND

ST. LOUIS, Mo., Jan. 13.—"I do not believe I am violating any confidence when I say that at the annual meeting of all the secretaries of foreign boards in New York City, now being held, a proposition to raise a monster missionary fund may be decided upon."

This was the statement of J. Campbell White of New York, general secretary of the Laymen's Missionary Movement, at the Mercantile Club last night.

"The advisability of such a decision has been quite discussed for some time now, and he announced that the goal will be at least \$15,000,000, which will do a badly needed work in the equipment of the missionary enterprise already established abroad."

Mr. White said the principal address before the local members of the Laymen's Missionary Movement
